

Open Access at Royal Holloway

Starting in Open Access Week (24th -30th October) the Library's Repository Team is holding a series of events to spread the word about Open Access at Royal Holloway. We would like to invite you to an event specifically for the College's support staff – we know that it is not only academics who have to deal with the repository and PURE. Our speaker, **David Prosser** (RLUK) will explore Open Access, and the Repository Team will be on hand to answer questions on Open Access at Royal Holloway, PURE and to arrange one-on-one meetings.
